

Shelley Lish

When my family introduced Unity of Bellevue to me in my 20s, I felt comfortable, I understood the doctrine and recognized how the message and historic principles were easily applied to my everyday life and experiences. I was immediately at home. I have been a student at Unity of Bellevue since 1983. My family attended Unity of Bellevue for many years. We have celebrated many life events to include dedications, weddings, and memorial celebrations. I became a member of Unity, I attended the Lay Ministry classes under Michael Murphy, attending the 10-week class and was dedicated as a Lay Minister. My mentor was Beth Tambien. A legend of faith and good will. To this day I know that Beth remains my mentor in spirit! In 1992 I was the wedding coordinator at U of B. I partnered with Rev. Linda Spencer in performing dozens of wedding celebrations.

When my daughter was 5 years old, it was time for us to return to Unity of Bellevue as I wanted the same teachings and love to surround her. It was a natural progression to provide her with the foundation of faith filled principles and joy that I have come to appreciate. I became involved with the Youth Ed program and hospitality committee. I remain active today!

My professional experience in human resources, sales and business development, large event production, along with my understanding of the importance of relationships, and working with teams leads me to be excited to take my commitment to Unity of Bellevue further by offering my service to the board of trustees and the U of B community and beyond. Thank you!
